hold that the inamdar is entitled to Excise revenue from toddy.

2 There has been some discussion about the duty on the ground that the trees are in existence from 1875. There are also date trees in this village. Only in two of the villages it is reported there are date trees. In these there is neither shop nor grove. Hebbale is the asli village and the others are Dakla villages granted under one and the same sanad.

3 To the first village rules 2, 5 & 9 apply and to two others 2, 5 & 13 and no revenue is due on account of these villages under the rules of 2nd August 1901.

4 May this be kept in view in such cases as in the case of these claims in similar circumstances? Subd for orders.
